

# Unify POS

## EyeNET Module

The store EyeNET Store/Cashier Audit System empowers store managers with easy-to-use, graphical security tools allowing them to effortlessly identify cashier and store irregularities long before they get out of hand.

- **An optional Module to the BASE version, and standard in the LOADED version of Unify POS**
- **Quickly Identify Cashier and Store Irregularities**
- **Investigate Excessive Voids, Returns, Discounts, Markdowns, Cancelled or No Sales, Coupons, and more**
- **Define Your Own Business Rules**

The screenshot shows a window titled "UNI-EYE Business Rules List" with a table of business rules. The table has columns for Rule Id, Description, Record Number, Quantity, Dollars, Type of Rule, and Cashier or Store. The data is as follows:
