

Oracle MICROS Workstation 6

The hospitality and retail industries are increasingly dependent upon reliable technology that enhances the guest experience. Oracle understands this, and has developed a next-generation digital engagement device to provide the most advanced, modern, and robust hardware offering on the market. Oracle MICROS Workstation 6 employs the latest in Oracle technology; features an aesthetically pleasing, modern appearance and slim footprint; and is rugged enough to withstand harsh, demanding workplace environments common in the hospitality and retail industries. Oracle MICROS Workstation 6 provides enhanced customer engagement, superior point-of-sale (POS) performance, maximum efficiency and a sleek new look.

KEY BENEFITS

- Provides maintenance-free reliability and extended product life
- Offers adaptability to changing operational requirements
- Improves efficiency with simple, streamlined installation
- Provides a modern appearance with its sleek look and feel
- Enhances the guest experience with innovative customer engagement features

Designed for Hospitality and Select Retail Applications

Oracle MICROS Workstation 6 features the Microsoft Windows Embedded 8.1 Industry Pro operating system, which highlights the clean, modern style of Windows 8 applications. Its all-in-one design includes a full, high-definition, wide-screen LCD with multitouch performance. Oracle MICROS Workstation 6 can be mounted on its companion stand, which provides full adjustability, superior cable management, and accommodation for peripherals and accessories. Alternatively, its slim, elegant design makes Oracle MICROS Workstation 6 ideal for wall mounting, providing a discreet, attractive workstation appearance in any environment.

A Next-Generation Workstation

Oracle MICROS Workstation 6 is dependable, attractive, and versatile. It offers tightly controlled quality to deliver superior POS performance and reliability for your busy hospitality or retail environment.

Outstanding Reliability

- Spill resistant and operational in temperatures from 0 °C (32 °F) to 50 °C (122 °F)
- Thermally bonded processor dissipates heat, allowing for passive cooling
- No moving parts, for long-lasting durability

Adaptability

- 15.6-inch wide-screen full high-definition (FHD) display with multitouch, projected capacitive touchscreen
- Ability to attach to an adjustable stand or mount to a wall, for maximum flexibility
- Adjustable stand accommodates printer power supplies and modular peripherals such as scanners and customer displays
- Wireless connectivity available

KEY FEATURES

- 15.6-inch wide-screen FHD display
- Robust Intel Atom processor designed for the hospitality industry
- Microsoft Windows Embedded 8.1 Industry Pro operating system
- Adjustable stand to accommodate power supplies and peripherals
- Constructed with durable materials, including an aluminum alloy case
- Designed with no moving parts
- Integrated magnetic card reader

Fresh Design

- Sleek styling complements any decor with a smooth appearance, low profile, and small footprint
- Constructed of aluminum alloy and hardened materials to provide a strong casework that will maintain an attractive finish for years

Service and Workforce Innovation

- Modernizes experiences by delivering digital content to both staff and guests, from showing a training video to a new staff member to presenting a promotion or product description to a guest
- Integrated design and user experiences give consistent content delivery across multiple devices, from tablets to workstations

The Right Technology

Oracle MICROS Workstation 6 comes preinstalled with Microsoft Windows Embedded 8.1 Industry Pro, the latest in a line of operating systems designed for use in POS environments. It runs on the latest Intel Atom processor for high performance and low thermal output. In addition, Oracle MICROS Workstation 6 features a modular, integrated, three-track magnetic card reader that is capable of Triple Data Encryption Standard (3DES) or Advanced Encryption Standard (AES) at the swipe of the card.

Moving the workstation well past its origin as a POS device, Oracle MICROS Workstation 6 is the first from a new category of device. Serving as a centralized content delivery vehicle, Oracle MICROS Workstation 6 improves guest engagement from the front desks of hotels to retail locations.
