

# END OF SUPPORT DATES: Microsoft Operating Systems (and SQL)

All MICROSOFT products, alphabetically <http://support.microsoft.com/gp/lifeselectindex>

**End of Support** End of support refers to the date when Microsoft no longer provides automatic fixes, updates, or online technical assistance. This is the time to make sure you have the [latest available service pack](#) installed. Without Microsoft support, you will no longer receive security updates that can help protect your PC from harmful viruses, spyware, and other malicious software that can steal your personal information. For more information go to [Microsoft Support Lifecycle](#).
